U.S. LIQUOR INVESTIGATION **REVIVES OLD QUESTION OF OWNERSHIP OF FARALLONES**

Counsel Defending Men Charged Following Seizure of Steamer Quadra Claim Islands Twenty-six Miles West of San Francisco Are Not Part of United States; Keepers of Lighthouse Built by United States Live There.

San Francisco, Nov. 13.—The Farallones, a bleak group of rocky isles about twenty-six miles due west of San Francisco, regarded for a generation as a whistling post along the steam-ship lanes, are in a fair way to become the legal cockpit of three nations as a result of the latest rum fleet roundup by the United States coastguard.

Indictment vesterday of the captain, crew and supposed owners and agents of the Canadian steamer Quadra, captured in the lee of the Farallones as a rum ship, is sure to revive the century-old question of ownership of these islands.

The interests behind the defence of the Quadra's operations insist that the Farallones are not a part of the United

CHOICE OF STANZA

URGED BY PREMIER

Ottaws, Nov. 13.—The suggestion that Parliament, either by resolution or in some other way, should appoint somebody to choose one stanza of "O Canada" on which all could agree and which could be sung throughout Canada was made by Premier King in his address at a banquet tendered to Hon. H. B. McGliverin, Minister without portfolio, here last night.

During his western trip the

Premier said he had noted many different versions of "O Canada" were sung at meetings at, which his party was greeted. There should be one version that would be accepted by all.

tions insist that the Farallones
States. It was supposed by the
historians that the right of the
United States to ownership was
settled when the federal courts in
1843 repudiated the claim of Jose
Yvez Limantour, Mexican adventurer
and explorer, to the Farallones and
a considerable portion of Central
California. Limantour was not only
scathingly repudiated for his claim,
but fied to Mexico in the face of
a United States warrant charging
him with perjury and forgery. He
never returned.

LEFT UNDECIDED The matter rested there until later government in Mexico lai claim to the islands. The claim wasnever pressed and therefore the matter remained undecided.

Administration of the islands since the control of the islands and the control of the island

Administration of the Islands since their latest settlement in 1891 has been in the hands of the United States. A lighthouse and fog sta-tion were placed on them and in 1909 they were named as a federal bird reserve, being an immense rookery (Concluded on page 2)

WADE FUNERAL

Flowers Covered Casket; THREE-YEAR-OLD COW Verses Written by Late Agent-General Sung

London, Nov. 13 (Canadian Press Cable)—The funeral of the late F. C. Wade, Agent-General of British Columbia in Great Britain, was held at Golder's Green to-day. The remains were cre-London, Nov. 13 (Canadian mated and the crematorium chapel was scarcely large enough to hold all who were present to pay their last respects | OF "O CANADA" IS

o Mr. Wade's memory.

Mrs. Wade was too ill to attend the uneral. Among the chief mourners were her daughter, Miss Marjorie Wade, and Mrs. and Mrs. Dudley Ryder. Representatives of the Dominions and the Colonial Office were oresent, including Hon. P. C. Larkin, Canadian High Commissioner in London, and Sir Joseph Cook, High Commissioner for Australia.

Right Rev. W. W. Perrin, Bishop Suffragan of Willesden, and Canon Perkins, both formerly of British Columbia, conducted the service. The Bishop delivered an impressive address, in which he touched upon Mr. Wade's great capacity for hard work, which he had performed always with loyal zeal.

Destroyed by Fire Prince Rupert, Nov. 13.—The nunting lodge just completed near Fort St. James by Paul Walter was lestroyed by fire, according to word eccived here. The building, known is the Stuart Lake Retreat, was to have been opened next Summer.

London, Nov. 13.—The Cabinet has appointed a committee to reinvestigate the alleged Zinovien letter, which called for increased activities on the part of the British Communists, according to statements in some of the newspapers here.

These reports say the Ministers agreed that the report could not remain in the indefinite position in which it was left by the Labor Government and they decided it was necessary to establish whether the letter was genuine or a forgery in order to reply to the Soviet Government's demand for an apology.

It is believed the committee's report will be ready for submission to the Cabinet at the next meeting, probably early next week.

*ABBEY LIGHT" SUNG Toward the close of the service Earl Spicer, a Canadian baritone, sang "The Abbey Light," verses written by Mr. Wade. The catafalque was hidden by a mass of flowers. The floral tributes to the Agent-General were subsequently taken to London hospitals at the family's request. The last previous occasion on-which Canadians gathered at the chapel of the Golder's Green crematorium was in 1913 at the funeral of Sir Richard McBride, one-time Premier of British Columbia and the immediate predecessor of Mr. Wade as Agent-General of British Columbia. Should be one version that would be accepted by all. CONTRACT FOR CRYSTAL GARDEN AWARDED TO-DAY

OBJECTS OF SCHEME

The DUCHESSE de RICHELIEU tells how to have A Lovely Skin

"THE WOMAN whose life is given not only to Society but to concert-singing must always appear with a complexion fresh and radiant. Care of her skin, therefore, is an obligation with her, second only in importance to the care of her voice. This care, in my opinion, can best be obtained by the daily use of Pond's Two Creams. They keep the skin exquisitely soft and lovely."

Duchesse de Richelieu

"How extraordinarily young! Scarcely more than a girl!" One often hears it of this vivacious duchesse-for she possesses one of those matchless cream-and-white complexions which make everybody turn to look.

She has a lyric soprano voice of melting quality. And she married the head of one of the oldest, most famous titular houses in all France. So, of course, the Duchesse de Richelieu is sought by everybody who is anybody. Now Paris claims her—now Deauville. And every year she appears in the smart sets of New York and Baltimore in the United States and at the famous

resorts of Southampton and Palm Beach. The Duchesse de Richelieu, determined that her skin should remain always as fresh and youthful as it is today, learned of the Two Creams society women everywhere are using—for a Rejuvenating Cleansing and a Delicate Protection and Soft Finish. "Care of the skin in my continu" sauss the Duckesse "can best

First, Pond's Cold Cream for Cleansing. At least once a day, oftener if necessary, always after any exposure, smooth the cream liberally over your face and neck. Let it stay on a few moments, that its pure oils may plumb the depths of clogged pores, bringing to the surface dust, dirt, powder and excess oil.

Now wipe off all the cream with a soft cloth. Its blackness shows how much you needed this deep-tissue cleansing. Put the cream on again and wipe it off once more. Just look at your skin now — as refreshed as rose-petals washed with

Try for yourself, today, this method whis the world's lovely women are pursuing. Pond's Cold and Vanishing Creams, using daily. You will find that what the Duchas Richelieu says of them is true—"they kee skin exquisitely soft and lovely." The Pe Extract Company, 146 Brock Ave., Toronto,

Few who brush teeth in old ways escape those film-caused troubles.

The modern way

Now there are two ways to fight that film, discovered by modern science. One disintegrates the film at all stages of formation. One removes it without harmful

Many careful tests have proved these methods effective. A new-type tooth paste has been created to apply them daily. The name is Pepsodent.

Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

Those Pearls cost you nothing Teeth that glisten-no dingy film

There are pearls in your mouth which, at their best, are finer than pearls you buy. Yet countless peo-ple leave them coated with a film.

Millions of people have found how to combat film. You see the results wherever you look — in whiter, prettier, safer teeth. If you admire those effects, make this brief test and learn how people get

That cloud on teeth is film

Teeth themselves do not discolor. The cloud lies in a film—in that viscous film you feel. It clings to teeth, for old-time tooth pastes can't effectively combat it.

Food stains, etc., discolor film, then it forms dingy coats. That is why teeth lose their beauty.

Film is the great tooth enemy. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Pepsoden

HOLDS SESSION URGES PUTTIN

Special to The Times
Shawnigan Lake, Nov. 12.—The monthly meeting of the Shawnigan Women's Institute was held in this SL.A.A. Hall during a heavy rainstorm, the attendance being somewhat below the average. The main business consisted of reports from the delegates to the recent Women's Institutes Convention held in Victoria: Mrs. James Christison gave avery lucid report of the work accomplished, and classed the convention as the most useful ever held. Mrs. Mason Hurley also attended the convention and also reported favorably. The report of the library committee was glowing. The public library is growing wonderfully, new members being constantly added. It is now proposed to establish a juvenile banch in connection with it, the institute undertaking to defray a part of the necessary outlay. The public schools committee reported that it had commenced the service of hot cocon and milk to the children of the Shawnigan Lake and Sylvania schools, the institute supplying the materials and seeing that the children received the cocoa at noon hour, the teachers giving the service.

The tea hostesses for the meeting were Mrs. Winters and Miss Whyte.

Ladysmith, Nov. 12.—The Armistice Thanksgiving dance held under the supplying the difference of seven or eight miles in the distance to Victoria and that on an up-grade.

IMPROVEMENTS AT

Ladysmith, Nov. 12.—The Armistice Thanksgiving dance held under the combined auspices of the football club and the grounds committee was a decided success, considering the night. The hall was tastefully decorated in red and white, the football colors, with flags and other decorations. Herlinvaux's Diamond Orchestra supplied the music, which was well received by the dancers. A splendid supper was supplied by the Ladysmith Cafe. The following members of the committee were handling the arrangements: Messrs. Knight, Callin, Michie, Cullum and Moore.

A whist drive was held last night by the Loyal Order of Moose Lodge and was voted the best whist drive of the season, about seventy-five being in attendance. As an extra attraction, to take off the usual monotony associated with whist drives, the committee secured the services of Frank Merrifield of Victoria, who more than amused the audience with his sleight of hand and conjuring

Frank Merrifield of Victoria, who more than amused the audience with miss sleight of hand and conjuring tricks. Messrs George Chalmers and Lauri Nikkola and Misses Rosvall and M. Manus delighted the audience with musical selections. The prize winners were: Ladies, Miss J. Anderson, Mrs. Stickney and Mrs. W. A. Cullum; gentiemen, Messrs. A. Jones, W. Joyce and John Morgan.

What might have been a very series of the cocurred in the services of the services of the services of the services of basketball season will commence on Saturday and the opening game will be played at Charters Hall at 8 o'clock, after which there will be the usual whist drive and dance at 9 o'clock at Paradise Inn. The two are working in conjunction.

entering the future season with much enthusiasm.

An interesting programme was rendered with the following artists contributing Mr. R. Logan, H. Good, J. Whitmore, H. Randle, Mr. Sykes, Mr. W. Thorpe, A. Kenmuir, J. Moore, O. Randle, D. Parkinson. Following the rendition of the above programme, the chairman urged the boys to commence their classes as early two years, the accused being reto commence their classes as early two years, the accused as possible and requested them to manded for eight days.

HOUSE MUST TAKE HOLD OF P.G.E. PROBLEM, PREMIER **ASSERTS; ASKS SALE POWERS**

Wants B. C. Representative to Enter Railway Conference Equipped With all Facts and Right to Make Agreement for Disposal of Line; Favors Line Into Peace River Country and Opposes Brule Lake

The time has come when the Legislature must take hold of the Pacific Great Eastern Railway problem and relieve the Province of the present unbearable load of railway expenditure. This flat declaration by Premier Oliver in the House yesterday prefaced the Government Leader's frank request to the Members for advice on the solution of the whole P.G.E. question and for power to dispose of the line on any reasonable basis.

Formally moving his resolution in favor of legislation which would allow the extension of land subsidies in assisting the sale of the railway, the Premier \$1,750,000 to build the railway into Prince George while the carrying charges were eating up \$2,250,000 a year at present. He strongly advocated a scheme of development by which one of the transcontinental railways would take over the P.G.E. and link it up with a line tapping the Peace River country. This, he declared, would be much more advantageous to British Columbia than the proposed Brule Lake cut-off line.

The Brule Lake route, he stated offered serious engineering difficulties, while the building of a linewestward through this Province would be easier and would not involve heavy grades.

Mr. Oliver recalled his efforts to unload the P.G.E. and the arrange-ments made for a conference with the transcontinental railways and the Federal Government to consider the disposal of the railway.

the disposal of the railway.

"This is a problem with which
this House must deal with." he declared. "It is a problem of the
people. As a leader of the Government it is my duty to put this before the House to gak it to consider it and to give me its best advice.

PLAN CONFERENCE

These Sets Make Inexpensive Christmas Gifts

Answering criticism of his Government for continuing P.G.E. construction, the Premier explained the history of the line in detail, showing that the prospects of the railway's success had been affected by the consolidation of the Grand Trunk Pacific and Canadian Northern, and the establishment of a terminus for the joint system in Vancouver.

Special bargains in all departments. See our Chester-es at Bargain prices. You can still buy a Simmons Steel than regular values. You save money

The Premier pointed out that he had often discussed the P.G.E. problem with the Federal Government and the governments of the prairie provinces. The Peace River district's need of a railway was well known, he went on, and added that the proposed Brule Lake cut-off line had met with considerable favor among public men and in the press. These people, however, seemed to lose sight of British Columbia's investment of \$40,000.000 in the P.G.E. for construction of the Brule Lake line undoubtedly would put back for years an extension of the Government-country. Without tapping the Peace River area, he declared, the P.G.E. had little prospect of ever paying operating expenses. A line extending the Edmonton and Dunvegan Railway went through British Columbia to link up with the P.G.E. he declared, was infinitely preferable to the Burle Lake cut-off read and would develop a much larger area.

The Brule Lake route, he stated. position to advance the interests of this Province as a result of discussion here and will be able to enter into a contract for the building of a railway from the Peace River country to Prince George and for the taking over of the P.G.E." the Premier said

A PAYING INDUSTRY

SEVERAL ITEMS OF onsiderable importance report of the Department of Agri-culture and studied by the general public as well as by the members of the Legislature. They relate particularly to our own production of some of the staple foodstuffs and the amount which it is still necessary for British Columbia to import in order to feed herself.

Expert authority has it that this Province should be grazing from 1,500,000 to 2,000,000 sheep. In 1923 there were exactly 53,336 scattered all over the vast area of British Columbia. During that year it was necessary for us to import 57,986 from other provinces of the Dominion and 5,347 from foreign points. The total cost of the imported animals to the people of British Columbia amounted to \$590,868. In addition to the live" commodity it was also necessary to buy from other provinces and foreign points 1,553,091 pounds of mutton at a total cost of \$265.929.

No fewer than 113,488 swine ere imported by British Columbia from other provinces of the Dominion in 1923 at a cost of \$2,045,657. Pork and pork products amounting in weight to 2,858,192 pounds — 1,447,004 from Canadian provinces and 1,411,188 from elsewhere were purchased in the same period at a cost to home consumers of \$655,-

Butter to the extent of 7,125,017 pounds with a value of \$2,482,713 had to be imported from other Canadian provinces into British Co-lumbia during 1923 and 1,696,193 pounds at a cost of \$619,649 from reign points. Cheese valued at \$238,746 came into the Province during the same period from other Canadian points and from else-The weight of this commodity totalled 1,139,914 pounds.
In respect of the number of sheep

In respect of the number of sheep and swine in the Province—beel and cattle are not included in this partial survey of the Department's report—it is satisfactory to note that 1923 shows growth over the preceding year. There is, however, a very considerable increase in the amount of butter and cheese imported in 1923 from points outside ported in 1923 from points outside the Province. In 1922 the bill for these two important commodities totalled \$2,910,944 as compared with \$3,382,380 for the year 1923.

A study of these figures will show that in 1923 British Columbia sent \$6,940,796 to other provinces in the Dominion and to foreign points to purchase four staple com-modities which could be and should be produced in this Province in suf- tion next year. At the Lord ficient quantities at least to satisfy our own req than the amount of revenue which plan would mature accordingly. the Government received from all sources in the year 1916.

Further reflection on these figres should furnish the answer why this Province ought to go after all the dairy farmers it can get. Between ten and fifteen millions of dollars of the Dominion's initial expenditen and fifteen millions of dollars are already waiting for them in this industry. Yet Mr. Meighen comes to British Columbia and tells us that

the country is going to the dogs.

Those who very properly demand more industries could and should do something that will furnish the foundation for the factory chimney. When we are feeding ourselves the industrialist will not require a very pressing invitation to come and get the benefits of such development as that condition will reveal.

OUR ECONOMIST

MAYOR HAYWARD happy during his maiden speech in the Legislature yesterday. When he was urging strict economy upon the Government he must have realized he was exposing himself to an inquiry from some curious member why he did not put his admirable precepts into practice during his two terms as Mayor of Victoria. Or somebody might have asked him for a statement of the per capita debt

1

of the city in contrast with that of the Province, and this would have been rather disturbing to the Mayor, to put it mildly.

Mr. Hayward suggested that the membership of the House be re-duced from forty-seven to twenty-eight, but carefully refrained from eight, but carefully refrained from saying what constituencies might be deprived of representation, Now suppose somebody had been mean enough to ask him if he thought Victoria was over-represented, and who of the four present members could be most easily dispensed with. That also would have been correspint disconcepting. omewhat disconcerting.

Then, again, the Mayor criticized the Government for not contributing a substantial sum to the cost of the Johnson Street bridge in addition to the \$200,000 already given by the Province. This scarcely squared with his demands in the same speech for greater provincial economy, but supposed to be emphasized when an opposition member is making a speech. His duty apparently is to be both economist and spendthrift, consistent and inconsistent, when criticizing the Government. We are ready to admit, however, that it must take considerable nerve for the Mayor of Victoria even to whisper the Johnson Street bridge or rather bridges—in a speech largely devoted to urging economy on the Government.

IMPERIAL CONSULTATION

THE LONDON TIMES may rest content with the may rest content with the assurance that no change in the relations between the Dominions and Great Britain in respect of foreign policy would be accompanied by the novelty of a High Commissioner in London committing his Dominion "without the explicit authority of his Premier." It may also understand that the Government of no self-governing nation within the Empire will commit itself without referring to Parliament such questions as may go beyond the ordinary routine of international dealings.

At the same time there is point in the suggestion which The Times makes. Weekly or occasional discussions between the Foreign Sec-retary and the High Commissioners in London would undoubtedly tend to furnish the respective Domin understanding of matters which are constantly involving Downing Street and obliging the British Government to make decisions on its own.
Not infrequently, as history proves,
these decisions would be modified
in the light of general sentiment and its effect upon the various parties involved in controversy from time to time. Such a plan should not be cumbersome; but it could never develop into anything more than an informal interchange from which di-rect information could be transmitted to Dominion governments. That in itself might avoid a repetition of such an appeal as that which was made to the Empire at the time of the Chanak incident.

"The Wife's Rights"

candidacy for Governor of New York Mrs. Lunn declared herself to be unalterably opposed. She said:

"I am opposed to my husband continuing longer in public life. Those who differ with me will have to see me if they dare."

She said there were five reasons why he should keep out of office and return to his home and family. They were: George, Raymond, Elizabeth, Mabel and Eleanor Lunn. This raises the question of how much a wife ought to interfere with her husband's career. There can be no doubt that a man will go much farther, as a fule, when he consults her advice and follows her judgment.

Her feet are usually on the ground. With regard to the family, and his private interests she is apt to be a predictionist.

She considers, first of all, the interests of the man himself and her children.

A man may be likely to lose himself in vain and public speculations. He may be prone to sacrifice his own interests to party, to his associates, to an organization or to his country. The woman insists that, first of all, his interests shall centre in his family. Man is an idealist by nature. He is an adventurer and an experimenter. Woman, as a rule, is safer and more sensible.

The faithful wife looks more toward the prosperity and welfare of her husband than she does to any public matters. She is more concerned with red passions than with white ones.

How the Lunns will come out with their difficulties we do not presume to say, but we will lay down the thesis that, as a general thing, it pays a man to follow the advice of his wife.

WORDS OF WISE MEN

WHO'S WHO IN HISTORY TO-DAY

EDWARD III.

EDWARD III.

King of England for fifty years, was born on November 13, 1312.

For three years he ruled under the regency of his mother, who was Isabella of France, and her favorite, Roger Mortimer. Upon taking the government into his own hands, he imprisoned his mother and obtained the execution of Mortimer. Later he became involved in a war with France (the Hundred Years' War), claiming the throne of that country in right of his mother. He gained several provinces, but subsequently lost most of these in a renewal of the warfare.

JOHN DICKINSON American statesman and the found-er of Dickinson College, was born on November 13, 1732. He was a member of the Colonial Congress, of the first Continental Congress, of the Federal Convention, and was president of Pennsylvania for thirteen years.

American composer, was born on November 13, 1854. After studying in Leipsic and Munich, he became director of the New England Con-servatory of Music in Boston. Among his compositions are the opera "Judith," several overtures and smaller orchestral works.

GEORGE W. CHADWICK

American lawyer, active in civic affairs, known as "the Father of Greater New York," died on November 12, 1993. He was the originator of the plan of consolidating New York, Brooklyn and other cities into one municipality. Previously, he had served New York City in various capacities.

Other People's Views

AN OVERSIGHT

To the Editor—The Provincial Government exempt from payment of the motor license, all the veterans of the great war who are amputation cases and while this is only right, why haven't our law makers given a thought to other pensioners, many of whom find it almost if not entirely impossible to stir from the house and therefore cannot enjoy the out-of-doors unless in an auto. But if these Veterans manage somewhat to get possession of an old buss the Government collects its pound of flesh—he has got to pay or stay at frome, of else depend on some friend to take him for a little outing. I think these friends are not over numerous.

Surely this matter only needs to

To the Editor. Under the above caption a rather unchristian letter appeared in the columns of your paper on November 10. It was rather a good thing it did not appear on November 11 or it might have spoiled the Armistice Day for a good many of us.

the Armistice Day for a good many of us.

I shall spare the writer the indignity of mentioning his name, as he is likely to be ashamed of it already. How any sensible man could publish such a letter and expect to get away with it, is past conprehension. The sentiment of that letter is sadly out of harmony with the angel's message "Peace on earth, good will toward men." Doubtless if the writer of that letter had been a contemporary of Cotton Mather, he would have been a witch-killer, for he certainly seems to enjoy being a peace-killer. If there are many such in Victoria, Auld Clootie had need to look to his faurels; as there seems to be brimstone enough fying around the city to set up an opposition camp. CHRISTIAN.

Saanich, November 11.

Saanich, November 11. ARMISTICE

To the Editor:—On behalf of the Armistice Period Committee I wish to take this opportunity of thanking all who assisted us in carrying out a suitable recognition of the armistice

who assisted us in carrying out a suitable recognition of the armistice this year.

The large number of people who attended our parade and memorial service is ample proof that our efforts to-commemorate the armistice and do honor to those who fell in the late war are not in vain.

The many people who contributed to our funds by buying popples encourages us to continue that part of our work and hold a Poppy Day each year.

I must specially thank the ladies and the boys and girls who assisted in tagging last Saturday. Notwithstanding the very wet weather, not one of those who promised to tag disappointed us, and when you consider that the sum of \$1,265.14 was actually collected in the streets, we can appreciate the enthusiasm of those who took part in the good work. In three weeks to a month's time a full financial statement will be published, giving particulars of our receipts and expenditure covering the sale of popples last Saturday.

I would also like to thank the two-Victoria newspapers for their very ample publicity to our armistice celebrations.

ment and to the Senate of Canada, and were supported by the ablest men that could be found—lawyers, ministers and laymen, praying that the Church Union Bill be rejected, yet the bill passed in all three departments of legislation with practically no change and certainly no change of any mportance. To our amazement that anti-union document again suddenly, like Hamlet's ghost, appeared on the floor of the Legislature West of the Reckies.

This Church Union is the greatest forward move since the beginning of Protestantism, for its goal is not the union of the Congregational, Methodist and Presbyterian churches in Canada, but the union of all Protestant churches. Meantime, however, the present contemplated union is the move practical. This union has been before the churches for over twenty years, and the basis of union is the result of the deliberations during that time of the ablest men in the three churches. In doctrine it is Orthodox, for there is nothing in the basis at variance with Presbyterian convictions as expounded to-day. As to procedure the Presbyterian Church observed in every step the rules and regulations of ecclesiastical government. When the matter, in terms of the Barrier Act, was sent to the people, eighty-three per cent. of the votes cast favored the union. When it was sent to the Presbyteries out of seventy-six voted against union. In every vote taken in twenty years, the result was about three-and-a-half to one in favor of union. The General Assembly at Winnipeg gave 815 of a majority in favor of union. All that is asked of the Legislative of the churches, This forward movement of the three churches, and majority in favor of union. All that is asked of the Legislative is to give effect to the resolution of the three churches, This forward movement of the three churches, This forward movement of the three churches are already 2,800 union stations, and 1 Ruptured people all over the country are amased at the almost miraculous results of a simple Method for rupture that is being spnt free to all who write for it. This remarkable Rupture System is one of the greatest blessings ever offered to ruptured men, women and children. It is being pronounced the most successful Method ever discovered, and makes the further use of trusses, appliances or supports_wifeegesary.

No matter how bad the rupture, how long you have had it, or how had to hold; so matter how many kinds of trusses you have worn, let nothing prevent you from getting this FREE TEST TREATMENT. Whether you think you are past help or have a rupture as large as your fists, this marvelous System will so control it and keep it up inside as to surprise you with its magic influence. It will so help to restore the parts where the rupture comes through that soon you will be as free towork at any occupation as though you had never been ruptured. Thousands or persons, old-fashloned store and spring trusses are now recipied in their freedom from the danger and discomfort of rupture.

You can have a free trial of this wonderful strengthening preparation by mornly sending your name and address to W. A. COLLINGS inc., 468 Collings Buildins, Watertown, N.Y. Send no money. The test is free:

Weits now—to-day, it may save the wearing of a truss the rest of your life.

Does your silverware help your children to be so familiar with correct usage that good table manners are their natural inheritance? Perhaps not! Even now you may be "getting along" with silverware that falls short of your taste and desire because you do not realize that in 1847 Rogers Bros. Silverplate you can complete your silver service easily and at reasonable expense. And that you can provide every kind of piece you ought to have—bouillon spoons, salad forks or serving pieces—each unsurpassed in beauty and durability.

And when you need more pieces in the chosen pattern, you will be able to get them easily: for leading dealers throughout the Dominion have the newer 1847 Rogers Bros. patterns in

delightful dancing from 8.30 to 11.30 is the programme on Thursday evening. On the invitation dance held under the auspices of the C.P.R. Social and Athletic Club. These dances are being held every Thursday evening during November. The very latest dance music is supplied by Geo. Ozard and ins five-piece orchestra. Friends of the C.P.R. Social Club are always assured of a pleasant dance where there is no overcrowding.

OMAN'S DOMAIN

Pioneer History Recalled by Function Planned For November 19

The grand carnival to be held at the Empress Hotel on Wednesday, fovember 19, under the auspices of the Lady Douglas Chapter I.O.D.E. to commemorate the sixty-sixth irthday of British Columbia and the sixty-sixth irthday o

also to encourage and stimulate an interest in the history of this city and province.

The opening of the first Legislature and consequently the first official birthday of the Province is fraught with more than passing interest.

The event took place at Fort Langley, the then capital, on November 19, 1858, when Sir James Douglas, with an official party from Victoria, publicly proclaimed the union of the Mainland and Vancouver Island as the new colony of British Columbia. The capital was later transferred to New Westminster and finally, in 1860, removed to Victoria.

In honor of the memory of those early pioneers and of the interesting anniversary, His Honor the Lieutenant-Governor, accompanied by Mrs. Nichol and a party from Government House, will open the ball formally at 9.30, and will be followed by Mr. Victor Harrison of Nanaimo, chief factor of the Native Sons of British Columbia, in a ten minutes talk. Premier and Mrs. Oliver, Senator and Mrs. R. F. Green, Sir Frank and Lady Barnard, Hon. J. D. and Mrs. McLean, Judge and Mrs. Howay, Vancouver and Mayor and Mrs. Hayward, have signified their intention of being present at the function and it is also hoped many of the Cabinet ministers will be in attendance.

Dancing will companee at 9 o'clock to the strains of Ozard's orchestra, and Messrs. Herbert Kent, Bob Webb and, Frank Sehl will have charge of the community choruses, which will be a fancy dress parade at 11 o'clock and handsome prizes awarded the best historical and original fancy dress costume. Tables will be provided for bridge and mah jong players.

Tickets may be had at the Empress Hotel and the leading stores.

26c Count Hopes For Reconciliation With American Wife

Paris, Nov. 12. L Count Ludwig Salm-Hoogstraten, husband of Millicent Rogers, is remaining in Paris temporarily, according to friends, but is avoiding questioners. It was said he plans to await developments during the next week or two in order to be quite sure "which way the wind blows" before returning to American for a reconciliation with his wife, if such a reconciliation is possible.

Strawberry Vale W.I.—A box social will be held in Strawberry Vale Hall on Friday, November 14, at 8 o'clock, under the auspices of the Women's Institute of that district A good musical programme is being provided and prises will be given for the two best decorated boxes. Mrs. Crocker from Victoria Institute, and Mrs. Booth, chairman of the district board, have kindly consented to act as judges for the boxes.

TO-MORROW'S HOROSCOPE

By Genevieve Kemble

FRIDAY, NOVEMBER 14

A rather complicated state of affairs is the augury based upon the conflicting astral activities of the day. While new projects may be safely taken into consideration, it would be hazardous to pet up money for any sort of speculative enterprise. It may be difficult to make much progress under the stubborn obstructing force of unfriendly Saturn.

aturn.

Those whose birthday it is may acounter a year of obstacles which will be difficult to surmount, thile new opportunities will present temselves, it would be hazardous to

is a guest at the Empress Hotel for a few days.

Mrs. H. A. Whilians returned to the city this morning from Port Angeles, where she yesterday spent the day with her daughter, Miss Frances Whilians, who is on the nursing staff of the Resthaven Hospital, Port Angeles.

Tuesday noon at "Breadalbane," the minister's residence, a quiet and pretty wedding took place when Major the Rev. Dr. Campbell officiated at a marriage which made Miss Elizabeth Selma Mitzingen the bride of Mr. Lester Gwilym Thomas, both of Vancouver. The bride was handsome in a gown of brown velour with picture hat. Mr. and Mrs. Thomas left by the afternoon boat for the terminal city, where they will make their home.

left by the afternoon boat for the terminal city, where they will make their home.

Ill-fated, unhappy Anne Boleyn was the subject of a delightful lecture by Mrs. Adams Beck at the New Thought Temple yesterday afternoon when an interested audience listened to the second of her series of lectures on the wives of littroduced many little-known historic incidents to illustrate the character and life at court of this tragic figure, whose career ended at the executioner's block. At the close of ber talk Mrs. Adams Beck was presented by Mrs. Andrew Wright, who was in the chair, with a beautiful bouquet of chrysanthemums. The lectures are being given for the benefit of the Camosun Chapter, LO.DE, fund for the Jubiee Hospital.

Mrs. Laughlin M. Hughes (nee Betty Gray) received for the first time since her marriage at her charming home, 1136 Esquimait Road, yesterday afternoon, and will (Coneladed on page 15)

Bazaar Nets \$210.

For P.-T.A. Work at Foul Bay School

The splendid sum of \$210, which will be used for the improvement of the school grounds and the purchase of additional sports equipment for the Margaret Jenkins School, was graised through the efforts of the ladies of the Parent-Teacher Associ-

quimalt. The speaker was accorded a hearty vote of thanks by the members who assured him of their support wherever it should be needed. Reports were heard from Mrs. A. Booth and Mrs. J. Nicol on the resent meeting of the Local Council of Women, and from Mrs. Ricketts, leelgate to the Social Service Council. A paper dealing with recent legislation affecting women and children cas read by the legislative conservations.

DISMISSED LIQUOR BOARD MADE "THE GOATS;" HAD NO POWER, SAYS POOLEY

Predicts Aftermath of Administration Shake-up Will Come Near to Wrecking Government; Keep Out of Liquor Business, He Urges; Province Suffering From Orgy of "Squandermania," He Warns.

Dismissed Lique Control Board members were merely the "goats" in the recent liquor administration shake-up and had never exercised any real control of the liquor business at all, R. H. Pooley, Conservative House Leader, declared in the Legislature yesterday afternoon when he continued the Opposition's assault n the liquor department. Mr. Pooley failed, however, to draw Attorney-General Manson out on the liquor question further than his previous assertion that the old Commissioners had retired and hat Hugh Davidson was now in full control of the business.

Attorney-General Manson out on the liquor question further than this previous assertion that the old Commissioners had retired and that Hugh Davidson was now in full control of the business.

"One thing and one thing only brought about this change in the affairs of the Liquor administration, Mr. Pooley charged." And that was the political interference with the old Liquor board. Then game the political interference with the political interfere

NO MINISTER

NO MINISTER

Although 50 per cent of the population of British Columbia was in Vancouver, no minister represented the city, Mr. Pooley went on. Now was the first time on record when the chief city had lacked a Cabinet Member. Twice—the Nelson by-election and the North Okanagan poll—Vancouver had been passed up. Mr. Pooley asserted. It had been reported, he said, that the Premier had promised to resign if he did not have thirty-three followers in the House. Had the resignation been filed? he asked. Perhaps like the resignations of the Liquor Board, the Premier's resignation had been verbal," Mr. Pooley suggested amid laughter.

The Government, said Mr. Pooley, was dancing to the tune played by Major Richard Burde. Already

FREIGHT RATES

"Yes, but a minister of your Government made the promise," pursued Mr. Pooley, "and it should be kept."

The Opposition Leader promised the support of his party in working out a fair solution of the timber royalty question. He felt that industry should be protected, that ther royalty question. He felt that industry should be protected, that ther royalty question. He felt that industry should be protected, that ther the should be more chimneys "smoking" in this Province, and that capital should be recouraged.

With reference to mining, Mr. Pooley begged the Minister of Mines to reduce mining taxation, so that income could be put back into development, "Make it possible for the mining interests to dig down into their socks and produce money for legitimate ventures," he adjured.

FREIGHT RATES

Mr. Pooley declared the Government, all Mr. Pooley, declared the Government, and the promise of your Government made the promise," pursued Mr. Pooley, "and it should be kept."

The Oppoley, "and it should be kept."

The Oppoley, "and it should be kept."

The Oppoley, "and it should be kept."

The Oppoley was obtained a promised to reduce mining taxation, so that income could be provided to the mining out a fair solution of the timber royalty question. The object of the support of his

The Government, said Mr. Pooley was dancing to the tune played by Major Richard Burde. Already Major Burde had forced the Government to adopt eight-hour-day legislation and he wondered now whether the Major's views on beer would become Government pelley.

The Premier interjected the eighthour law was Government legislation, introduced at the request of the labor men of the Province.

"If the Premier was ever in chains politically, he is to-day," Mr. Pooley companded bitterly over the neglect of his riding by the Government. In one place, he said, the Government had started work on a road before the election, and then stopped as soon as the election was over.

ATTACKS EXPENDITURE

was over.

ATTACKS EXPENDITURE

Turning tq financial matters, Mr. Pooley soon raised objections from the Treasury benches when he declared the Conservative Government had kept its sinking funds as intact as those of the present Government sinking funds, the Premier declared, had been far' behind the requisite figure.

The Opposition Leader'insisted that the Government had misrepresented its financial standing to the people. The dry operators, he urged, should be resulted to advance a bond to insure their workers of payments.

He also proposed that game administration be put under a separate department and administered by an expert.

The opposition Leader'insisted that the Government had misrepresented its financial standing to the people. The electors had been told, he said, that \$12,000,000 of the Provincial debt was revenue, producing.

"I can see the debt." he remarked, "but I'm blessed if I can see the revenue."

"It's time," he said that responsible ministers told the public the facts and stopped camouflaging."

To support his charges of misrepresentation, Mr. Pooley quoted a statement made by a leading finant standard that the premier retires."

"but I'm blessed if I can see the revenue."
It's time," he said that responsible ministers told the public the facts and stopped camouflaging."
To support his charges of misrepresentation, Mr. Pooley asserted. "Prosperity will return to the Provincial house, in selling BC. bonds, that the total Provincial debt in July was \$387,344,000, the net debt \$68,000,000, and the sinking funds \$13,000,000, Since these figures had been compiled the Government had borrowed \$4,590,000.

"Since they took office timey have borrowed at the rate of \$7,000,000 a year," he declared. "By the end of this year I think you'll see that they've been running true to form.

wish that it would save money.

SEATTLE SHIPPING

Seattle, Nov. 13.—Capl. Charles Glasscock, master of the steamship Yukon, and Capl. J. G. Nord: commander of the steamship Alaska, have floor seceived reports of communications by the United States navy in Alaska waters, and both testified to the accuracy and reliability of the navy stations, it was announced here yesterday by officials of the Alaska Steamship Company, operators of the vessels commanded by the two captains.

Ever Have Dyspepsia?

STUART'S Dyspepsia Tablets

AT ALL DRUGGISTS

The nervous system is the vital force of your body; the force that tives energy to every organ and every muscle. So great is the power of the nerves that a tremendous shock, such as fear, may cause death. A lesser nerve shock will pale the cheeks, made the knees tremble, cause the heart to beat wildly or almost paralyze breathing.

To keep our vitality and strength we must acurish the nervous system. When we restore lost nerve power we quickly regain lost strength!

Nervous, exhausted men and women can soon regain their nerves force and as they rebuild their nerves they see the signs of returning vigor.

Wincarnis gives to the nerves, the very elements they must have to be nourished back to energy. For fifty years this nerve restorative has reinvigorated those who were weak, thin, pale and so discouraged that life seemed to hold no real happiness. If you need more nerve power go to your druggist to-day and begin the safe Wincarnis treatment, is said by all leading druggists for \$1.50. Wincarnis is so effective that only three tablespoonsful a day need be taken.

Try Wincarnis and see the difference just a few days will bring. (Advt.)

large shipment of Pacific Northwest

THINKS EXPLORING

Christiania, Norway, Nov. 13 .-According to a message from Amundsen's exploration ship, the Maud, which for two years has been Mand, which for two years has been attempting to drift across the North Pole, that vessel is in serious difficulties. Dr. Fridtjof Nansen, an explorer, interpreted the message from the craft to say that the vessel had abandoned the drift and is now trying to get back to Bering Strait. He believes that the Mand has exhausted the roll supply and that she must depend upon her sails to reach safety. The message from the Mand reads as follows: "Come free of ice August 7, 76.25 degrees north, 143.20 degrees east. Impossible to go around New Siberia. Had to turn and go west around Sotelnoi. Passed Laptev Sirait August 19, seven miles from Sirait

SALVAGE SHIP HAS TRIALS IN

Salvage King Was Launched by Bow, McLachlan Yards Yesterday; Officials Say Victoria Will be Greatest Salvage Station in World When New Craft Arrives.

The Pacific Salvage Company announced this morning that their new vessel, the Salvage King, launched from the Paisley yards of Bow, McLachlan & Company yesterday, would undergo its trials about the middle of December and that the vessel would be out to this coast soon after the trials were completed.

Capt. J. M. Hewison may go to Scotland to bring the Salvage King out to this port.

Owing to the fact that shipping interests have been agitating for a salvage vessel to be stationed on the West Coast of Vancouver Island during the Winter months, the Pacific Salvage Company is now considering the advisability of despatching one of its vessels to take such a post.

WORLD'S GREATEST STATION The Salvage King is the second ressel in the world to have been built solely for salvage work, said officials of the Pacific Salvage Com-pany this morning. Victoria, once the new ship arrives here, will be the the new snip arrives here, will be the best equipped salvage station in the world, and in a position to render aid to shipping in difficulties all along the Pacific Coast. Both the Salvage King and Salvage Chief are fast vessels with a wide steaming radius.

fast vessels with a wide steaming radius.

The Salvage King is without doubt the best equipped salvage vessel afloat, said her owners this morning. A fast ship, with her builders' guarantee of eighteen knots an hour over a measured course on her trial run, immense power, such a sea boat as only British yards are capable of building; attractive appearance, every bit of space put to use, and her machinery and parts of the highest efficiency—this is the new vessel which will shortly enter this port, the property of the Pacific Salvage Company.

REPLACES DOROTHY

Alexander, which sails for San-Francisco and San Pedro to-night, completes her run at San-Francisco northbound next week, the steamship Admiral Schley is to be withdrawn from the Port-land-California service and take up the former vessel's schedule during the period of overhauling and inspection. The Admiral Schley will be on the run from Seattle to Victoria to San Fran-cisco for one complete trip, it is understood here.

Splendid Scale Model of Famed Ship Displayed

Liner Aquitania is Placed in Office Window of Local Firm

When F. J. McClure of Montreal was in this city yesterday he loaned the offices of the Chicago, Milwaukee and St. Paul agency here a beautiful model of the Cunarder Aquitania. This model is now on display in the window of the local shipping office for all to see. It is, probably, one of the finest specimens of maritime reproduction to scale which has ever been seen here.

The model has a mirror placed behind it and a cross section of the interior of the ship is thus displayed.

SAN FRANCISCO SHIPPING

San Francisco, Nov. 13.—The Nor wegian motorship Indra of the Eas Asiatic Line arrived in port yesterda from North Pacific ports with an un completed lumber cargo. She will finish loading here and will then leave for Valparaison.

With the sailing from here this week of the steamer Deerfield carrying 110,-000 boxes of apples, 202,491 boxes will have been transported from the Pacific Coast to Europe in two sailings. The steamer Royal Star sailed in the early part of the week with a shipload of 92,491 boxes.

Launch Aircraft At Sea in Night

Los Angeles, Nov. 13.—Night launching of an aeropiane by catapult from the deck of the dreadnaught California, flagship of the battle fleet, for the first time in the history of the navy, officers say, was successfully accomplished at the harbor here Tuesday night.

San Francisco, Nov. 12.—The steam ship Hercules has been chartered from 36s. 3d., by Kerr, Gifford & Charles of the United Kingdo and Continent, 38s. 9d., January loading.

MARU IS DELAYED

Is Six Hours Late, According to Latest Wireless Dispatches

Wireless messages from the Iyo Maru, of the Nippon Yusen Kaisha, bound for this port, received here by the agent for the line, A. H. Hebb, stated that the vessel would not make quarantine until 6 o'clock this evening. An earlier dispatch said that the ship would be in Victoria by noon, but such information has now been contradicted.

Spasmodic, storms now sweep the Pacific. Every inbound vessel for the past several weeks has reported heavy weather outside the Straits of Juan de Fuca. Off Cape Flattery a gale is raging out towards the open, and immense cross seas hinder navigation east and westbound. The Iyo Maru has run into a strong head wind, and will be six hours late.

Waterfront men here this morning stated that the weather must be unusually bad for the master, Capt. Horluchi, of the Japanese vessel, to have made such sweeping changes in the calculation of his time of arrival. Six hours difference could but mean that the vessel had struck particularly bad weather.

A. H. Hebb, agent for the N.Y.K. here, said that he expected the ship to be in Victoria not later than 3 p.m. She had passengers and freight to discharge here. But she would not make the mainland before the early hours of to-morrow morning.

Longshoremen Ask Protection While **Breaking Strikes**

St. Johns, Ngd., Nov. 12.—The request stevedores of this port yesterday the warship be sent to St. Johns for the rotection of workers replacing striking mashoremen was denied last night by the Government. The strike, which ent into gffect a week ago, has tied pactivities almost completely on the

Eggers Brothers Fight

Extradition proceedings started by the Provincial Police in an effort to bring Milo and "Happy" Eggers back to Canadian soil are now under way in San Francisco. The headquarters of the Provincial Police here are informed through counsel that the men have admitted their identity and are fighting extradition. The brothers are sought by the Canadian authorities on charges of aileged complicity in the hi-jack raids on the gas boats Liliums and Hadsel, in Canadian waters some months ago.

Make it in the Cup

Cowan's Instant Cocoa will conserve your time. You make it in the cup instantly—no boiling is necessary—yet it has all the rich flavour and mellow smoothness of the well-known Cowan's Perfection brand which has been so widely used in Canadian homes for three generations.

It is good to drink with meals and between meals. It provides sustaining nourishment. A cup on retiring will assure you a good night's rest. Cowan's Cocoa is unrivalled throughout the world for flavour, purity and quality.

RETURN TO WORK

St. Johns, Nfd., Nov. 13.—The first break in the longshoremen's strike, which has for the past week tied up shipping in this port, occurred this morning when the sanitary men who belong to the Longshoremen's Union returned to work. The truckmen have reaffirmed their intention to stand by the striking longshoremen.

owners and the port winch is to her base of operation. COST HALF MILLION

The vessel cost \$500,000 to build. She is 195 feet in length, 36 feet in beam, 18 feet deep, a powerful towhoat, but also capable of carrying large amounts of freight, should ever occasion arise where the salvaging of a cargo was the only thing rossible.

Government Forces Claim Great Progress in Waters of Atlantic Coast

Number of Norwegian Ves-Surprising

Washington, Nov. 13.—The "end of Rum Row" is predicted in a Treasury statement embodying a review of coastguard operations in October. A "large increase in the number of seizures," including seven foreign vessels acting as supply ships, is reported.

The progress in combating liquor snugging is attributed in marking.

ported.

The progress in combating liquor smuggling is attributed in part to the increase in the coastguard's facilities provided by the last Congress and the ratification of treaties removing restrictions on the seizure of rum runners.

NORWEGIAN CRAFT

In citing the seizure of the steamer Sagatind, "with 28,000 cases of whisky aboard," the report remarks that "it is surprising to note the number of Norwegian vessels engaged in the liquor traffic." Ten have been observed recently in the rum fleets off the Atlantic coast.

Papers confiscated aboard rum runners, the statement adds, have proved of considerable value in planning coastguard operations by providing a "list of persons financing and directing" the smuggling.

H. C. LODGE FUNERAL WAS HELD YESTERDAY

Cambridge, Mass., Nov. 13.—With the siple rites of the Episcopal Church a funeral service was held yesterday for the late Senator Henry Cahot Lodge in Christ Church, which he had attended as a student of Harvard, when his marriage was solemnized, and where the funeral service for his wife was held some years ago. Bishop William Lawrence of the Episcopal Diocese of Massachusetts, classmate and lifelong friend of Senator Lodge, read the

NEWS IN BRIEF

A charge of failing to drive in a rudent manner, preferred against seginal C. Pembridge in city police out to day, was remanded for hearng on Monday, at the request of villam Straith on behalf of J. B. learthue, counsel for defendant. The harge followed an incident on Rockand Avenue, it is asserted.

A further stay in the proceedings of Rex versus McAdam was granted to-day upon application of counsel for a week's remand. The hearing is being adjourned from day to day until after the completion of appeal proceedings from an application for writ of habeas corpus refused in the Supreme Court. Harvey McAdam, the accused, faces a statutory charge in the Provincial police court.

A very interesting lecture was given to the Burns Club at its meeting held on Tuesday evening at the Elks' club, by Mr. McKay, who recently returned from a trip to the Old Country. The speaker told of his visit to the Wembley exhibition, in which he gave great praise to the Canadian display and to the educational value of the exhibits shown by the C.P.R. and the C.N.R. A fine musical programme was enjoyed by the members.

Officers of the city police have many strange requests but an in vitation to shoot pigeons is a rarity at the local station. A resident on Edgware Road complained to the police that pigeons were destroying his crops. Armed with a .22 calibre rifle a constable goes daily now to the fields of complainant and snipes at wandering pigeons, watched by an excited gallery of chattering youngsters. Just what will happen when someone complains of a depleted pigeon roost is not certain.

A motion of condolence with Mrs. A motion of condolence with Mrs. Frank Andrews in the death of her husband was adopted by the City School Board last evening. Trustee Beckwith moved the motion, which Trustee Smith seconded, and Chairman George Jay supported. Mr. Beckwitt, referred to Mr. Andrews as one who taught his three children; Mr. Smith spoke of him based on his experience as principal of the Victoria High School some years ago, and Mr. Jay as having known him since he came to Victoria twenty-one years ago.

MANY ATROCITIES IN REPUBLIC

Trustee H. O. Litchfield Will Be in Field Again Next Month. Houston, Tex., Nov. 13.—Atrocities which will amaze the world when made known have been committed in the Republic of Georgia by Bolshevists during the past year, according to an interview with Prince David Mdivani of that nation, printed to-day by The

Houston Post-Despatch.

Determined to force the state, of such strategic and economic value, into submission to its rule, Prince David said, the Red Government is resorting to methods of cold-blooded butchery. The prince was forced to flee from his native land because of threats on his life. Since 1919 there had been at least 20,000 Georgians slaughtered without trials, he said.

A shipleed of natives was taken out in the Casnian Sea and ter in connection with the civic elec-tion to-day.

Mr. Litchfield declares his con-tinued desire for co-operation in the board, work for the educational wel-fare of the children, and increased

A shipload of natives was taken out in the Caspian Sea and the vessel sunk, with none rescued. Others were called to their doors and shot down.

Queen's Decide To Meet Tigers In Rugby Series New York, Nov. 12—Waiter Hagen, British open golf champion, and Cyril Walker, American golf cham-pion, agreed yesterday to play a 72-hole match in Florida some time in January, according to announcement by Robert E. Harlow, who is to pro-mote the match.

Financial Burden Upon University Makes it Necessary to Hold Game in Toronto

Kingston, Ont., Nov. 13.—The athletic board of control of Queen's University yesterday decided that Queen's rugby team will go to Toronto to meet the Hamilton Tigers in the semi-final of the Eastern Canada playoff on November 22.

The guestion of finance made it necessary for Queen's to adopt the plan of playing the Tigers in Toronto. It was pointed out by members of the board after the meeting that the question of finance confronting Queen's is a big one. Queen's had brought two Western teams East and had lost money. The players have worked hard this year, and it was felt it would be working in vain to play the game here for a small gate again. Should Queen's not meet with enough financial success this year to put them at ease, they will not again attempt the Dominion finals.

RUSSIAN NOBLES PLAY ROYAL ROLES IN GLYN PRODUCTION

"His Hour" which is a Metro-Goldwyn picture.
Royalty appears in roles that are
really a part of them; wearing the
lowels and ermine to which they were
so long accustomed and which were
so melodramatically snatched from
them when the Soviet came into
power during the World War.

"His, Hour" which Mrs. Glyn
wrote while visiting the royal family
in St. Petersburg, is a colorful drama
of love and pathos, and is brimful of
the brilliant always to be found in
Mrs. Glyn's writings.

The two featured players of this
vivid production are those Mrs. Glyn
has selected as the screen's most romantic lovers, Alleen Pringle and
John Gilbert "His Hour" was directed by King Vidor and is a Louis
B. Mayer presentation,

FORTUNE IN FURS DAZZLES TOM MIX IN LATEST PICTURE

A fortune in flawless fur coats pro-cursed from Willard-George, flamous Los Angeles furrier, were used for the sumptuous fashion show set in Tom Mix's new William Fox picture, "Ch, You Tony!" opening at the Cap-itol Theatre Monday for a run.— According to the story, an original by Donald Lee, Tom leaves his ranch to go to Washington to raise money for a business undertaking. Here he

KIPLING'S DAUGHTER WEDS—Miss Elsie Kipling, only daughter of the famous author, and Captain George Bambridge, attache at the British embassy in Brussels, are shown leaving St. Margaret's Church, Westminster, after their marriage.

BUT NO BONES WERE BROKEN—No bones were broken in this annual battle between the freshmen and sophomores. But cloth-iers did a fine business the next day. The battle season is drawing to a close at McGill and Toronto.

DODGED HIM—There's intensity in every line of this picture ight at one of the college football games back East.

LEADS SUFFRAGISTS—This is a new picture of Mrs. Corbette Ashby, English suffragist, who has been elected president of the International Suffrage Alliance in Rome, Italy.

CANADIAN AGAIN ELECTED —James Couzens re-elected as U.S. senator for Michigan on the Republican ticket. He was born in Chatham, Ont., and spent his boyhood there.

NEW WAR?—Europe is in for considerably more trouble between 1925-1928, according to Abbe T. Moreux, director of the Bourges Observatory in Germany. The sun spôts indicate it, he declares. And he has studied them more than twenty years. It was he who predicted the World War several years before it started.

COLLAPSIBLE AEROPLANE—This is the "Cranwell," a collapsible aeroplane recently exhibited at Lympne, England. Its wings fold up so that it can be wheeled into a garage.

THEY WOULDN'T MOVE—The landlord tried to eject them, but the Gypsies who had leased this Chicago place refused to move. So the landlord engaged bricklayers to close up the doorways and windows in an attempt to scare the Gypsies out. The din from within, however, brought police to the scene. The bricklayers were ordered to leave.

Above-Nero and One of His Friends. Below-Nero and Sam

Above—Nero and One of His Friends. Below—Nero and Sam

NERO IS HARD TO PLEASE, HALF KILLS TRAINER

BROUGHT FROM INDIA TO EDUCATE HIM—Ed Ballard, circus

man, gave a baby elephant to Carl Fisher of Miami Beach, Fia. The
job of looking after the pet was delegated to Sam, an Ethopion retainer. While Nero, the pachyderm, remained in the infant class
Sam had no trouble managing him. But presently Nero began to
grow up. And he got more mischlevous as he grew. One day, for
instance, he strolled into a garage. And the garage accompanied
him as he rambled on. Fisher decided Nero should have a regular
elephant trainer. He wired a friend, visiting in India, to bring one
along. At Liverpool, steamship authorities wouldn't let the trainer
board the boat. The Asiatic exclusion law prohibited his entry into
the United States, they said. Fisher appealed to Secretary of Labor
James J. Davis. The secretary permitted the trainer to come in. Sam
was fired. The Bengalese trainer went to work. An elephant hook
in his hand, he advanced on Nero. Nero's cars began to flap. His
eyes sparkled redly. The Bengalese tried to talk to him. But Nero
couldn't understand. Result was the trainer woke up in a hospital.
When he came back to work, he was more cautious. But Nero knew
him at a glance. Same old story all over—only worse. The Bengalese
was down and Nero was caressing him with a front foot when Sam
hauled him off. Secretary Davis received another appeal from
Fisher. "Please deport my elephant trainer." It said. Now Sam is
back on the job.

SENSATION — Judge C. G. Snider, commissioner whom E. C. Settell, former secre-tary to Sir Adam Beck, has made sensational charges in Toronto.

NEW WOMAN M.P. — Miss Ellen C. Wilkinson, former Com-munist and still an extreme La-borite, who was elected to the House of Commons by East Mid-dlesborough. She is the only new woman member of Parliament.

MORE TRIUMPHS - Madan na donna, who is

RETRING—Rev. R. J. D. Simpson, who, on account of ill-health has had fo retire as Secretary-treasurer of the superannuation fund board of the Methodist Church.

ESKIMO—W. Claude Fox, past president of Standard Stock Ex-change, who is still enjoying his daily dip in Lake Ontario waters at his Bronte home these Winter

A TRIPLE SHOOTING-"Think of me, no health and strength to work, no money and soon no home—am afraid my nerves cannot to work, no money and soon no home—am afraid my nerves cannot hold out much longer—no sleep, no rest, but worry, worry, worry about our future." These lines from an unfinished letter written by Mrs. Ote Morgan of Salina, Kas., lay at her side when police found the bodies of the woman, her husband and son, Loren. She is believed to have shot her husband as he slept after chloroforming the son, then shot the boy and finally herself.

ANOTHER BANKER CHARGED—C. A. Barnard of Montreal, Home Bank director and financier, who is on trial before Judge Coatsworth on charges of making, using approving and concurring in faise statements of the bank's affairs.

THE SAWYER HOME—This is the home of the late Brigadier General Charles E. Sawyer, personal physician to the late Presi-dent Harding, on White Oaks Farm near Marion, Ohio. In this house the late president's widow now is seriously ill.

QUARTER CENTURY AGO—Just twenty-five years, a bard quarter of a century, marks the difference between this scene and congested, mechanical Forty-second Street, New York, to-day. The plodding car horses drew their loads from ferry to ferry, at the eds of the street.

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

New York, Nov. 13 (By R. P. Clark & Co., Ltd.).—Another day with total sales exceeding the two million share mark, outside participation in the market continue on a very large scale. Some new high prices were registered during the session, but in the late trading a reactionary tone developed. Quite a little selling in the railroad section of the list was due more, to disappointment over the fact that she Southern Pacific dividend was not increased. Aside from this development, however, it seems only natural that rails be subjected to more profit taking of late because for quite a while there was an excited buying power in practically all of the rails. It is practically all of the rails. It is practically all of the rails. It is practically all of the rails. It would seem as though the market may have reached a stage where technical considerations may play more of a dominating part. It would not be unnatural if a further recession occurred as same may grow out of a consequence of the technical status. The copper stocks are showing a greater amount of stability, and this group being behind the general market may show some independent strength along with the oils where conservative happenings have made their appearance of late, and may be followed by stronger upbuilding occurrences.

Corporations—The Wall Street Journal in its market report this afternoon says:

Trading easily maintained a two-million-share rate and the ready way the general list absorbed profit-taking led to predictions by competent authority that the day was not far distant when three million shares sessions would become a reality. Upward tendencies—were most pronounced to-day in Issues enjoying a turn for the better in trade conditions. Copper and tire shares were prominent in the forward procession, while the vigor displayed by the steel stocks was unquestionably attributable to the uniformity optimistic views taken of the future by the principal authorities. The steel market has already shown signs of stimulation from election results. Prices for steel products represent more than any other factor the crux of the situation and the tendency now is definitely upward. International Combustion Engines was a strong feature, spurting to 33% against Wednesday's low of 31%, reflecting the activities of a powerful group formed to discount the common a plans to enter an any stage which is expected to add substantially to present carrains. These are running at more than twice the \$2 dividend rate. Reports of the organization of a new pool in N.Y. Air Brake were accompanied by a spurt. Earnings this year will probably exceed \$7 a share on the common. Easier tendencies marked dealings in the general list in the late afternoon. Some disappointment over the declaration of only the \$6 dividend rate by Southern Pacific caused profit-taking in this issue which was followed in other rails. Industrials showed a disposition to give up part of their recent advances.

Chicago, Nov. 13 (By R. P. Clark Co., Ltd.)—Wheat: All months 1 at new high prices for the crop day, and there was general buy-However, profit taking sales re extremely heavy, and finally ke through the resistive power, of so buying to some extent. World ditions are decidedly strong, but recent price upheaval must be en into consideration to some ex-tat least.

market in a stronger position nically.

orn. Sold off quite sharply in last half hour. The cash demand fair with sales of 100,000 bushes lead to the fair with sales of 100,000 bushes less cash prices were steady. Counofferings were light. During the terror of the session there was to buying, which held the market hally at the strong early upturn, realizing, became too heavy to-day the close was at the low point of the close was at the low point of the control of the close was at the low point of the close was a

Chicago, Nov. 13 (By B.C. Bond Corporation) — Wheat and rye encountered heavy profit-taking and a resultant setback. The close, however, was well above yesterday's inal figures. A bullish report by the Lanadian Government and further been successful.

unfavorable crop news from the Argentine were the principal factors behind the buying. Corn was strong but the full advance failed to hold. Oats gained fractionally. We remain confident believers in higher prices but advances above the present levels are likely to meet with profittaking sales and possibly some fresh selling. Purchases should be confined to good dips.

Kaye & Douglas Limited, \$10,000,
Vancouver, private.
Pacific Ship Supply Company Limited, \$50,000, Vancouver, private.

Copper Mine Pays Canadian National **Earnings Drop**

Montreal, Nov. 13.—The gross earnings of the Canadian National Railways from January 1 to November 7, 1924, have been \$200,527,217, a decrease of \$11,249,905 over the corresponding period of 1923.

The gross earnings for the week ending November 7, 1924, were \$5, 201,894, a decrease of \$179,887 over the corresponding period of 1923.

\$100,000 Bid For

\$100,000 Bid For N.Y. Exchange Seat

New York, Nov. 13.—A membership on the New York exchange was posted for transfer to-day at \$95,000 or \$4,000 above the previous sale and \$14,000 above the price quoted just before the election.

Following this as high as \$100,000 was bid for a seat.

Europe Rushing For Loans in N.Y

New York, Nov. 13.—Addition of the Swedish iron ore industry to the list of prospective borrowers here, brings the total of such applications close to the \$100,000,000 mark. Of this amount approximately \$26,000,000 represents gradits and loans already granted.

In addition to the negotiations for credit to the Swedish interest, conversations have been held looking toward an advance of \$20,000,000 for the city of Hamburg, a similar amount for the German General Electric Company: \$15,000,000 for the Alsace-Lorraine Railways and \$5,000,000 or more for the August Thyssen Steel Works.

VICTORIA BANK CLEARINGS

GRAIN PRICE OUTLOOK MOST BULLISH IN YEARS

Chicago, Nov. 13—A reduction of 20,000,000 bushels in the Canadian wheat crop estimate, compared with September, necessitates a downward revision in the world's statistical position on grain foodstuffs, The Chicago Tribune says to-day. This, in connection with recent cuts in the exportable surplus in Argentine and Australia makes a most buillish situation known to the grain trade under normal conditions in a great many years. Estimated exportable surplus of wheat in the leading countries is now estimated at around 700,000,000 bushels, compared with the world's theoretical needs of around 750,000,000 bushels, and owing to the shortage in rye there is no grain that can be substituted for wheat. The world's exportable surplus of the shortage in rye there is no grain that can be substituted for wheat. The world's exportable surplus of the shortage in rye there is no grain that can be substituted for wheat. The world's exportable surplus of rye is estimated at 50,000,000 bushels or more under the world's import needs.

Canadian reports show that Canadian or portage in relative in the canadian cold the shortage in rye there is no grain that can be substituted for wheat. The world's exportable surplus of rye is estimated at 50,000,000 bushels or more under the world's import needs.

Canadian reports show that Canadian state of surplus. The Canadian interest of the cut of \$1,000,000 bushels or more under the world's import needs.

Canadian reports show that Canadian state of surplus defends the cut of \$1,000,000 bushels or more under the world's import needs.

Canadian reports show that Canadian state of surplus defends the cut of \$1,000,000 bushels or more under the world's import needs.

Canadian reports show that Canadian state of surplus defends the cut of \$1,000,000 bushels or more under the world's the cut of \$1,000,000 bushels or more under the world's import needs.

Canadian reports show that Canadian state of \$1,000,000 bushels or more under the world's trade wakes up to the real canadian state of \$1,000,000 b

Court of Revision

ON MUNICIPAL VOTERS' LIST.

The Court of Revision on the Muni-cinal Voters' List for the years 1924-25 will sit in the Council Chamber, City Hall, on Thursday, the 20th day of No-vember, 1924, at 10 a.m. Clerk, W. SRADLEY, Clerk of Municipal Council. City Clerk's Office. Viotoria, B.C., Nov. 11, 1924. Assay returns on ore from the big Lakeview mine near Stewart, B.C., have been completed, showing a yield of \$191.54 a ton on ore opened up during the last thirty days. The assay gives 54 per cent lead, 18 per cent zinc, 104 ounces of silver to the ton and \$1.20 worth of gold.

The indicated length of the high grade ore chute is 400 feet, officers of the company say. A second tunnel is being located so as to tap this ore chute at a depth of 300 feet. The vein is now opened up for over 200 feet.

By order, S. E. O'BRIEN, Department of Public Works, Ottawa, October 17, 1924.

PRIVATE BILL NOTICES NOTICE

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of British Columbia at its next session by the Corporation of the City of Victoria for an Act (to be known as the "Victoria City Act, 1924"), providing for the fellowing matters, and giving to the said Corporation and the Municipal Council thereof the following nowers, namely:

4. Providing that the "Fire Departments Hours of Labor Act" shall not apply 19 the City of Victoria.

5. Enabling Council to dispose of any of its tax sale lands by auction, or otherwise, without newspaper advertising now required by "Municipal Act."

6. Enabling Council in the sale of any parcel of tax sale lands to accept CAMEO OF SIMPLICITY

and beauty, original in treatment and touched with the fine point of poetical inspiration that must find emotional response in every woman. But it was not achieved so simply as it appears on the screen. An interviewer, after seeing the film, asked Miss Balfour if she did not think marriage was an attractive proposition. Betty, however, was not to be caught. "It is my first marriage in films," she replied naively. "But it is much too strenuous an occupation. I had to go through the film wedding ceremony nine times, and may I tell you that between each performance I had to make a trip to my dressing-room and make a completely new toilet in order to get rid of the obstinately sticky confetti that showered over us each time we came out of the church. The whole of the nine ceremonies were 'performed' in one day.y Squibs may have enjoyed it; I doubt very much whether most brides would."

LAKEVIEW

The Company's Manager, Mr. R. F. Hill, reports that contr work on No. 2 tunnel. This tunnel will have a vertical feet to the vein and is being driven to cut the cabin vein opened up for over 200 feet, showing extremely high-grade "LAKEVIEW" at 50c per share offers a fine opportunity for as the 50c issue is being rapidly taken up. 114-116 Femberton Building MASON & DIESPECKER

From

-By GEORGE McMANUS

Mr. and Mrs. W. Gear of Alberni visited their parents, Mr. and Mrs. R. Gear this week.

Mr. Graham of New Westminster, who has been acting as manager of the Canadian Bank of Commerce during the absence of Mr. Verchero on holidays, leaves to-day for New Westminster.

The Deep Bay Social Club held their weekly card party in their club hall on Monday evening. Progressive five hundred was played at ten tables. Winners of the first prizes were Mrs. G. McLean and Mr. D. Horth. Supper was in charge of Mr. Sales, assisted by Mr. B. Horth and Mr. Carl Bradbury. These three gentlemen provided a most excellent supper.

A very enjoyable dance was held in the Deep Bay Social Club Hall by the club. About sixty people were present. Mrs. Gleason and Mr. Howard Robinson supplied the music. Supper was in charge of Mrs. Calvert and Miss M. Horth.

Mr. and Mrs. Wakefield have gone to Vancouver to see their daughter, Miss Mary Wakefield, off for Winnipeg.

Mr. Raymond Brethour spent the week-end on Mayne Island.

A special service of Holy Communion was held in St. Andrew's at 10.30 o'clock on Armistice Day, the two minutes' silence being observed during the service. There was a very large congregation.

Presaging platform warfare between Trustees J. Cheetham and S. J. Holland, should the former seek re-election at the forthcoming Saanich municipal elections, last night's session of the Stanich School Board was marked by the outspoken promise of Trustee Holland to alrise in Ward Four, last Summer; alleging lack of efficiency and discipline of an employee. W. Foster, general carpenter and mechanic, after the board had, by a majority vote expressed confidence in Foster's work and service, and so finally disposed of charges made by Mr. Cheetham.

Mr. Holland considered the action of Trustee Cheetham' in publicly airing board affairs to have been a reflection on his fellow trustees, and used the strongest terms in denouncing his colleague, prior to an emphatic promise that nothing would

MR. CLIFF MISKA,

Salesman For Skin Cream Learns How To Clear Up Pimply Complexion

Mr. Cliff Miska, of 595 Ninth Avenue, Astoria, L. I., writes: "I was a salesman of creams for healing pimples, blem shes, etc., but when my face broke out with blotches, pimples, and blackheads I tried one salve after another with no permanent results.

I found it as impossible to sell skin cream as a bald headed man finds selling hair tonic. Finally I decided I would have to get at the cause—the blood. I was amazed to find that within a few days after taking Carter's Little Liver Pills, my skin took on a new healthful look, blemisles started to disappear, and I felt like a new person all around. Now I know what to do when I have a pimply skin, you bet." This old reliable remedy treats such complaints in a safe way. It has been used all over the world for 67 years. 25c at all good drug stores.

Expenditure For Ten Months Is Well Within Estimate

cording to the report presented by School Board last evening. Of the total estimate of \$470.181; the sum of \$377.111 has been expended. Nearly \$90.000 has been received out of \$127.827 expected to be paid of which \$94.927 is due from the Provincial Government in per capila grants. Most of the miscellaneous receipts have exceeded the estimates, it was
